Check the formulary each year for changes to the drugs you take.

## The SilverScript® formulary

A formulary is a list of covered drugs selected in consultation with a team of health care providers. It represents the prescription therapies believed to be a necessary part of a quality treatment program. We will generally cover the drugs listed on our formulary as long as the drug is medically necessary, the prescription is filled at a network pharmacy, and other plan rules are followed.

## Save with generic drugs

SilverScript SmartSaver (PDP) covers both brand name drugs and generic drugs. A brand drug is made by a drug company holding a patent on the unique chemicals used to make the drug. When a drug patent expires, other companies can seek approval to produce a generic equivalent. A generic equivalent must have the exact same active ingredients as the brand name drug.

Generic drugs are often less expensive than brand drugs because the brand manufacturer has already proven the drug a success.

Not all brand drugs have a generic equivalent. But if you're taking a generic drug, just know that you are getting the same active drug ingredient in the same dose and quantity, often at a much lower cost. Speak with your doctor to see if generic drugs are right for you.

## Insulin and vaccine information

<b>Insulin</b>	<p>You won't pay more than \$35 for a one-month supply of each insulin product covered by our plan, no matter what cost-sharing tier it's on or which Part D stage you are in.</p> <p>Once in the Catastrophic stage the plan will pick up the cost of your insulins – you pay \$0.</p>
<b>Vaccine</b>	<p>Your prescription drug coverage includes \$0 cost-sharing for preventative adult (ages 19 and older) vaccines. A full list of covered vaccines can be found on the below drug list under <b>VACCINES</b>.</p> <p><b><i>The shingles vaccine (Shingrix) is an example of a \$0 Part D vaccine because it is preventive against shingles.</i></b></p> <p>Your medical coverage also includes vaccines, but vaccines covered under your medical coverage are for treatment. Please see your <i>Evidence of Coverage</i> (EOC) for vaccines covered under your medical benefit.</p> <p><i>Tetanus booster is an example of a medical coverage vaccine because it is related to an injury.</i></p> <p>For additional information on recommended vaccines and age limitations, go to <a href="https://cdc.gov/vaccines/hcp/acip-recs/">cdc.gov/vaccines/hcp/acip-recs/</a>.</p>

## Potential changes to your formulary

Generally, if you are taking a drug on our 2024 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2024 coverage year. There are some exceptions. We describe them here.

### In the below cases, you may be affected by coverage changes during the year

If we make any of these changes, we must notify affected members of the change at least 30 days before the change becomes effective, or when the member requests a refill of the drug. At that point, the member will receive a 30-day supply of the drug.

Drugs will remain available at the same cost-sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you.

<b>New generic drugs</b>	We may remove a brand name drug on our formulary if we are replacing it with a new generic drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand name drug on our formulary, but immediately move it to a different cost-sharing tier or add new restrictions.
<b>Drugs removed from the market</b>	If the U.S. Food and Drug Administration (FDA) deems a drug on our formulary to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and notify members who take the drug.
<b>Other drug changes</b>	We may make other changes that affect members currently taking a drug. For example, we may: <ul style="list-style-type: none"><li>• Replace a brand name drug with an existing generic drug that is not currently on our formulary</li><li>• Add new restrictions to a drug</li><li>• Move a drug to a different cost-sharing tier</li><li>• Make changes based on new clinical guidelines</li></ul>

## Using the formulary

There are two ways to find your drug on the formulary:

<b>Alphabetical order</b>	<p>Find your drug in the index that begins on page 82. Both brand name drugs and generic drugs are listed in alphabetical order.</p> <p><b>Step 1</b> Look in the index and find your drug.</p> <p><b>Step 2</b> Look at the page number where you can find coverage information.</p> <p><b>Step 3</b> Turn to the page listed to find coverage information about your drug. This will include the tier and any restrictions.</p> <p><b>Step 4</b> View the cost-sharing chart on page 13 to find the cost for the tier your drug is on.</p>
<b>Medical condition</b>	<p>The formulary begins on page 15 with drugs grouped into categories based on the type of medical conditions they treat. Medical conditions are listed in alphabetical order on the formulary.</p> <p><b>Step 1</b> Look for your medical condition.</p> <p><b>Step 2</b> Look under the medical condition header for your drug.</p> <p><b>Step 3</b> Find coverage information about your drug. This will include the tier and any restrictions.</p> <p><b>Step 4</b> View the cost-sharing chart on page 13 to find the cost for the tier your drug is on.</p>

Your plan’s formulary includes both brand name and generic drugs. It gives you the information you need to determine your cost-share and any restrictions on your medicines.

	The drug(s) covered by your plan	The “tier” level or pricing category	The coverage rules for a drug									
	↓	↓	↓									
<p><b>Lower case italics:</b> generic drugs</p> <p>→</p> <p><b>All uppercase:</b> BRAND NAME DRUGS</p>	<table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr style="background-color: #800080; color: white;"> <th style="padding: 5px;">Drug Name</th> <th style="padding: 5px;">Drug Tier</th> <th style="padding: 5px;">Requirements/Limits</th> </tr> </thead> <tbody> <tr> <td style="padding: 5px;"><i>sample generic drug</i></td> <td style="padding: 5px;">1</td> <td style="padding: 5px;">MO</td> </tr> <tr> <td style="padding: 5px;">SAMPLE BRAND DRUG</td> <td style="padding: 5px;">4</td> <td style="padding: 5px;">QL (30 ea per 30 days) MO</td> </tr> </tbody> </table>			Drug Name	Drug Tier	Requirements/Limits	<i>sample generic drug</i>	1	MO	SAMPLE BRAND DRUG	4	QL (30 ea per 30 days) MO
Drug Name	Drug Tier	Requirements/Limits										
<i>sample generic drug</i>	1	MO										
SAMPLE BRAND DRUG	4	QL (30 ea per 30 days) MO										

## Requirements or limitations

<p><b>PA</b></p>	<p><b>Prior Authorization</b> Some drugs require you or your physician to get prior authorization. You must get approval from us before you can get your prescription filled.</p>	<p>There are two ways you, or your doctor, can ask us to make a Prior Authorization, Quantity Limit, or Step Therapy determination to one of these requirements.</p> <ul style="list-style-type: none"> <li>Request an exception online at <a href="https://www.aetna.com">AetnaMedicare.com</a>.</li> <li>Call Customer Care at the number on your member ID card.</li> </ul> <p>Standard requests are processed within 72 hours of getting your prescriber’s supporting statement. Expedited (fast) requests must be processed no later than 24 hours after getting your prescriber’s supporting statement.</p> <div style="border: 1px solid #ccc; background-color: #f0f0f0; padding: 10px; text-align: center;"> <p>See the section titled “Requesting an exception” for additional details.</p> </div>
<p><b>QL</b></p>	<p><b>Quantity Limit</b> For certain drugs, there is a quantity limit on the amount of the drug that we will cover. Quantity limits are based on the manufacturer’s and FDA’s recommended dosage. If you take more than the recommended amount, you will need to request an exception. For example, our plan provides up to 30 tablets per 30-day prescription for <i>atorvastatin</i>.</p>	
<p><b>ST</b></p>	<p><b>Step Therapy</b> In some cases, our plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for your condition.</p> <p>For example, if drug A and drug B both treat your medical condition, we may not cover drug B unless you try drug A first. If drug A does not work for you, SilverScript SmartSaver (PDP) will then cover drug B.</p>	
<p><b>LA</b></p>	<p><b>Limited Access</b> This prescription may only be available at certain pharmacies. Some drugs may not be used in high volume and may require special handling and other considerations. As a result, these drugs may only be dispensed by a small number of special pharmacies based upon the type of the conditions they support. This can make it difficult for patients to obtain these medications as needed. Often, your physician is the most informed person to help identify a pharmacy able to dispense the prescribed limited access drug.</p> <p>For more information consult your Pharmacy Directory, online pharmacy finder tool, or call Customer Care at 1-866-235-5660, 24 hours a day, 7 days a week (TTY: 711).</p>	

**MO**

**Mail-Order**

This indicates if a drug is available at our CVS Caremark® Mail Service Pharmacy, which is our preferred mail-order pharmacy. When using mail-order, you may save money when you get your prescription drugs shipped directly to your home and may have the option to sign up for automated mail-order delivery. Call Customer Care at 1-866-235-5660, 24 hours a day, 7 days a week (TTY: 711), to get started today.

**B/D**

**Medicare Part B or Part D**

Medicare determines when a drug is covered under medical or prescription coverage. There are a number of cases that can alter how a drug or supply is covered, such as how the drug is administered and the setting of care. It is not unusual to require more information for drugs and supplies that can be covered under medical or prescription coverage to make a determination of coverage and applicable cost-sharing. In these instances, know that we are following the rules set by Medicare to provide you with appropriate coverage. Your pharmacy may need to submit more information describing the use and setting of the drug to help make the determination between medical and prescription coverage.

**HRM**

**High Risk Medication**

According to medical experts, these drugs may cause adverse side effects if you are 65 years of age or older. If you are taking one of these drugs, ask your doctor if there are safer options available.

**ACS**

**Available from CVS Specialty® Pharmacy**

These drugs are for complex medical conditions and may require special handling and/or close monitoring. They are available through CVS Specialty Pharmacy Services and may be available at other specialty pharmacies in the network. You may not be able to get them at your local pharmacy.

## My drug is not on the formulary or has restrictions

Review the formulary with your provider to find a drug that works for you. There could be a prescription drug that you and your provider think you should take that is not on our formulary or is on our formulary with restrictions. You and your provider can ask the plan to make an exception for you and cover the drug.

<b>Talk with your doctor</b>	Access your formulary online, or request a paper copy, to show to your doctor for help finding a similar drug that is covered. In the medical condition section of the formulary, you will often find alternative drugs in the same therapeutic class used to treat your condition.
<b>Ask us to cover a non-formulary drug</b>	If we make a <b>formulary exception</b> to cover a drug not on our formulary, you will need to pay the cost-share that applies to drugs in Tier 4 (Non-preferred drug).
<b>Ask us to lower a cost-sharing tier</b>	If we approve your request to cover your drug at a lower cost-sharing level ( <b>a tiering exception</b> ), and there is more than one lower cost-sharing tier with alternative drugs you can't take, you will usually pay the lowest amount.  <i>Please note: We cannot change the cost-sharing tier for any drug in Tier 5 (Specialty) or for a drug in which you have received a formulary exception.</i>

## Requesting an exception

When you request an exception, we will require a statement from your prescriber or physician supporting your exception request. You can also get more information in Chapter 7 of your *Evidence of Coverage*.

There are multiple ways to request an initial coverage decision for a formulary, tier or restriction exception to the requirements or limitations we've mentioned.

- Ask your prescriber to call Customer Care at 1-866-235-5660, 24 hours a day, 7 days a week (TTY: 711).
- Ask your prescriber to complete the form and fax it to us at 1-855-633-7673.
- Complete the form yourself. Include a statement from your prescriber to support your request. Mail or fax your request to us.
- Complete the online form. Provide your prescriber's information so we know who to contact for a supporting statement.

Follow these steps to find the form on our website.

1. Visit [AetnaMedicare.com](https://www.aetna.com), scroll down to the bottom of the page, and click on "Get a form."
2. On the next page find the section entitled "Exceptions, appeals and grievances" and click on the link "See how to get started."
3. Look for the section called "Request a drug coverage decision (determination)," and select the header "Prescription drug coverage only (PDP)."
4. Fill out the form on your computer or print a paper copy.

Mail or fax us your completed form:

SilverScript® Insurance Company, Prescription Drug Plans  
Coverage Decisions and Appeals Department  
P.O. Box 52000, MC 109  
Phoenix, AZ 85072-2000

Fax: 1-855-633-7673

Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. If you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision, you can request an expedited (fast) exception.

If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

### Transition of coverage

Talk to your doctor. We may cover your drug in certain cases during the first 90 days of your membership in the plan if you are new and during the first 90 days of the calendar year if you were in the plan last year.

1. Drugs not on our formulary may be covered temporarily for a 30-day supply. If your prescription is less than 30 days, we allow refills up to a maximum of a 30-day supply of medication.
2. If you are a resident of a long-term care facility, refer to Chapter 3 of your *Evidence of Coverage*.

*After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 Days.*

### Vacation supply

Our plan allows an early refill of a one-month supply of your medication if you will be on vacation and away from your regular pharmacy when your next refill occurs. This can be requested one time per medication, per year. Please contact Customer Care at 1-866-235-5660, 24 hours a day, 7 days a week (TTY: 711), for help with a vacation supply.

*Note, some medications may not be eligible for a vacation supply.*

## Finding a network pharmacy

We have more than 44,000 pharmacies in our network with more than 23,000 that offer preferred cost-sharing. Using a preferred network pharmacy may help you save on your prescription drug costs. Visit our online pharmacy finder tool, at [AetnaMedicare.com/PharmacyHelp](https://www.aetnamedicare.com/PharmacyHelp), to locate your closest pharmacy, including those offering preferred cost-sharing.

It's easy to use! Here's what you need to do:

1. Go to [AetnaMedicare.com/PharmacyHelp](https://www.aetnamedicare.com/PharmacyHelp).
2. Enter your ZIP code and click "Next."
3. Select SilverScript SmartSaver (PDP) from the "Select a plan" drop down box and click "Search."
4. The tool will then show all in-network pharmacies (preferred and standard) in the area.

## Important notes

- In the **online pharmacy finder** tool:
  - If the pharmacy is a preferred network pharmacy, it will be listed as preferred under the pharmacy's address.
  - Preferred pharmacies have a purple circle on the map and standard pharmacies have a blue square.
- **Long-term care (LTC) pharmacies** do not offer preferred pharmacy cost-sharing because LTC pharmacies pay higher packaging and dispensing costs compared to those at a retail pharmacy. LTC pharmacies contract with individual and chain facilities and members typically do not have a choice of LTC pharmacy. The facility determines which pharmacy you can use. Please use caution when reviewing LTC cost-sharing as retail pharmacy pricing does not apply to LTC dispensing.
- **Specialty drugs** are used to treat complex, chronic conditions, such as rheumatoid arthritis, multiple sclerosis and cancer. Specialty drugs often require special handling and can be very expensive. Their costs are rising 15 to 20 percent or more each year. Our plan has a separate tier (Tier 5) reserved for specialty drugs. This requires members to pay a percentage of the drug cost. Specialty drugs may be available at some retail pharmacies, like CVS®, Walgreens or Walmart, but often these drugs are only available at a specialty pharmacy such as the CVS Specialty® pharmacy. Drug pricing tools do not know whether a specific pharmacy stocks a given drug. You should calculate your cost-share using a specialty pharmacy.

## Drug stages and costs

Up to  
**\$280**

### Deductible stage

You'll pay the plan's negotiated drug cost up to the deductible limit. The deductible applies to drugs on tiers 2 - 5.

**Once you reach the deductible limit, you'll pay a copayment or coinsurance in the initial coverage stage.**

Up to  
**\$5,030**

### Initial coverage stage

During this stage, the plan will pay its share of the cost and you'll pay a copayment or coinsurance (your share of the cost) for each prescription you fill until your total drug costs reach \$5,030.

**Once you reach \$5,030, you'll enter the coverage gap stage or "donut hole."**

Most people will remain in this stage.

Up to  
**\$8,000**

### Coverage gap stage

(Also known as the donut hole.)

During this stage, you'll pay 25% of the cost for generics and brands. This stage continues until your yearly out-of-pocket drug costs reach \$8,000.

**Once your yearly out-of-pocket costs reach \$8,000, you'll move to catastrophic coverage.**

Some people will move into this stage.

Through  
the end  
of the year

### Catastrophic coverage stage

You pay \$0 for all Part D covered drugs during this stage.

Few people will reach this stage.

The tables below tell you the copayment or coinsurance amount you will pay during the initial coverage stage. You will pay a yearly deductible of \$280 for Tier 2, Tier 3, Tier 4, and Tier 5 drugs. You must pay the full cost of your Tier 2, Tier 3, Tier 4 and Tier 5 drugs until you reach the plan’s deductible amount. For drugs on Tier 1 you will not pay any deductible and will start receiving coverage immediately.

**Initial coverage stage copayment/coinsurance levels**

**Preferred retail/mail-order and standard retail/mail-order cost-sharing (in-network)  
(Up to a 30-day supply)**

Pharmacy type (Retail & mail)	Tier 1 (Preferred generic)	Tier 2 (Generic)	Tier 3 (Preferred brand)	Tier 4 (Non-preferred drug)	Tier 5 (Specialty)
Preferred	\$0.00	\$5.00	24%*	50%	29%
Standard	\$8.00	\$12.00			

\*Tier 3 coinsurance is 23% in the state of New York only. The coinsurance in all other states is 24%.

**Preferred retail/mail-order and standard retail/mail-order cost-sharing (in-network)  
(Up to a 90-day supply)**

Pharmacy type (Retail & mail)	Tier 1 (Preferred generic)	Tier 2 (Generic)	Tier 3 (Preferred brand)	Tier 4 (Non-preferred drug)	Tier 5 (Specialty)
Preferred	\$0.00	\$15.00	24%*	50%	A long-term supply is not available for drugs in Tier 5.
Standard	\$24.00	\$36.00			

\*Tier 3 coinsurance is 23% in the state of New York only. The coinsurance in all other states is 24%.

Long-term care pharmacies offer up to a 31-day supply, at the standard network pharmacy pricing. You can find complete cost-sharing and days’ supply information, including costs for long-term supplies, long-term care and out-of-network pharmacy pricing, in your **Evidence of Coverage**.

## Get more information

For more detailed information about your SilverScript SmartSaver (PDP) prescription drug coverage, please review your *Evidence of Coverage* and other plan materials at [Aetna-PDP.MemberDoc.com](https://www.aetna.com/pdp/MemberDoc.com).

If you have questions about our plan, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. TTY users should call 1-877-486-2048 or visit [www.medicare.gov](https://www.medicare.gov).

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network and/or copayments/coinsurance may change on January 1, 2025, and from time to time during the year.

See the *Evidence of Coverage* for a complete description of plan benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by service area. The formulary and/or pharmacy network may change at any time. You will receive notice when necessary. Other Pharmacies are available in our network. Participating health care providers are independent contractors and are neither agents nor employees of SilverScript. The availability of any particular provider cannot be guaranteed, and provider network composition is subject to change.

For mail-order, you can get prescription drugs shipped to your home through the network mail-order delivery program. Typically, mail-order drugs arrive within 10 days. You can call 1 866 235 5660, TTY users call 711, 24 hours a day, 7 days a week, if you do not receive your mail-order drugs within this timeframe. Members may have the option to sign-up for automated mail-order delivery.

When this formulary refers to “we,” “us,” or “our,” it means SilverScript® Insurance Company. When it refers to “plan” or “our plan,” it means SilverScript SmartSaver (PDP).

We comply with applicable Federal civil rights laws and do not discriminate on the basis of race, color, national origin, age, disability, or sex and do not exclude people or treat them differently because of race, color, national origin, age, disability, or sex. If you speak a language other than English, free language assistance services are available. Visit our website, call the phone number listed in this material or the phone number on your benefit ID card.

In addition, our health plan provides auxiliary aids and services, free of charge, when necessary, to ensure that people with disabilities have an equal opportunity to communicate effectively with us. Our health plan also provides language assistance services, free of charge, for people with limited English proficiency. If you need these services, visit our website, call the phone number listed in this material or on your benefit ID card.

If you believe that we have failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance with our Grievance Department (write to the address listed in your *Evidence of Coverage*). You can also file a grievance by phone by calling the Customer Care phone number listed on your benefit ID card (TTY: 711). If you need help filing a grievance, call Customer Care Department at the phone number on your benefit ID card.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights at [https://ocrportal.hhs.gov/ocr/cp/complaint\\_frontpage.jsf](https://ocrportal.hhs.gov/ocr/cp/complaint_frontpage.jsf).

**ESPAÑOL (SPANISH):** Si habla un idioma que no sea inglés, se encuentran disponibles servicios gratuitos de asistencia de idiomas. Visite nuestro sitio web o llame al número de teléfono que figura en este documento.

**繁體中文 (CHINESE):** 如果您使用英文以外的語言，我們將提供免費的語言協助服務。請瀏覽我們的網站或撥打本文件中所列的電話號碼。

## We're listening

If you have comments on this formulary or any other plan material, we'd love to hear them. Visit [AetnaMedicare.com](https://www.aetna.com), scroll to the bottom of the page and click "Email Member Services." Fill in the required information, and provide your suggestions in the comments section.

This formulary was updated on October 1, 2023. For more recent information or other questions, please contact SilverScript SmartSaver (PDP) Customer Care at 1-866-235-5660, 24 hours a day, 7 days a week (TTY users should call 711), or visit [AetnaMedicare.com](https://www.aetna.com).
