SECTION 1: INTRODUCTION

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us”, or “our,” it means Alignment Health Plan. When it refers to “plan” or “our plan,” it means Alignment Health Plan.

This document includes a list of the drugs (formulary) for our plan which is current as of October 1, 2023. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2024, and from time to time during the year.

WHAT IS THE ALIGNMENT HEALTH PLAN FORMULARY?

A formulary is a list of covered drugs selected by Alignment Health Plan in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Alignment Health Plan will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Alignment Health Plan network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

CAN THE FORMULARY (DRUG LIST) CHANGE?

Most changes in drug coverage happen on January 1, but Alignment Health Plan may add or remove drugs on the Drug List during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes.

Changes that can affect you this year:

In the below cases, you will be affected by coverage changes during the year:

- **New generic drugs.** We may immediately remove a brand-name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand-name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand-name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.
 - If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide you will also include information on how to request an exception, and you can find information in the section below titled “How do I request an exception to the Alignment Health Plan’s Formulary?”
- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug’s manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.

SECTION 1: INTRODUCTION

• **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to the market to replace a brand-name drug currently on the formulary, or add new restrictions to the brand-name drug or move it to a different cost-sharing tier or both. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug at a retail network pharmacy or a 31-day supply at a long-term care network pharmacy.

- If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Alignment Health Plan’s Formulary?”

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2024 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2024 coverage year except as described above. This means these drugs will remain

available at the same cost-sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Drug List for the new benefit year for any changes to drugs.

The enclosed formulary is current as of October 1, 2023. To get updated information about the drugs covered by Alignment Health Plan please contact us. Our contact information appears on the front and back cover pages.

HOW DO I USE THE FORMULARY?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 1. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, Cardiovascular Agents. If you know what your drug is used for, look for the category name in the list that begins on page 1. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 75. The Index provides an alphabetical list of all of the drugs included in this document. Both brand-name drugs and generic drugs are listed in the Index. Look in the Index and

SECTION 1: INTRODUCTION

find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

WHAT ARE GENERIC DRUGS?

Alignment Health Plan covers both brand-name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand-name drug. Generally, generic drugs cost less than brand-name drugs.

ARE THERE ANY RESTRICTIONS ON MY COVERAGE?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Alignment Health Plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from Alignment Health Plan before you fill your prescriptions. If you don't get approval, Alignment Health Plan may not cover the drug.
- **Quantity Limits:** For certain drugs, Alignment Health Plan limits the amount of the drug that Alignment Health Plan will cover. For example, Alignment Health Plan provides 60 tablets/30 days per prescription for Losartan 25mg. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, Alignment Health Plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical

condition, Alignment Health Plan may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Alignment Health Plan will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 1. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Alignment Health Plan to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the Alignment Health Plan's formulary?" on page VII for information about how to request an exception.

WHAT IF MY DRUG IS NOT ON THE FORMULARY?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered.

If you learn that Alignment Health Plan does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by Alignment Health Plan. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by Alignment Health Plan.

SECTION 1: INTRODUCTION

- You can ask Alignment Health Plan to make an exception and cover your drug. See below for information about how to request an exception.

HOW DO I REQUEST AN EXCEPTION TO THE ALIGNMENT HEALTH PLAN'S FORMULARY?

You can ask Alignment Health Plan to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to cover a formulary drug at lower cost-sharing level unless the drug is on the specialty tier. If approved, this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, Alignment Health Plan limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, Alignment Health Plan will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary, tier, or utilization restriction exception. **When you request a formulary, tier, or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.**

Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

WHAT DO I DO BEFORE I CAN TALK TO MY DOCTOR ABOUT CHANGING MY DRUGS OR REQUESTING AN EXCEPTION?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

SECTION 1: INTRODUCTION

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of the medication at a retail network pharmacy or a 31-day supply at a long-term care network pharmacy. After your first 30-day supply of the medication at a retail network pharmacy or a 31-day supply at a long-term care network pharmacy, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

You may have changes that take you from one treatment setting to another. During this level of care change, drugs may be prescribed that are not covered by your plan. If this happens, you and your doctor must use your plan's exception and appeals processes. However, when you are admitted to, or discharged from, a long-term care setting, you may not have access to the drugs you were previously given. You may get a refill upon admission or discharge to prevent a gap in care.

ALIGNMENT HEALTH PLAN FORMULARY

The formulary that begins on page 1 provides coverage information about the drugs covered by Alignment Health Plan. If you have trouble finding your drug in the list, turn to the Index that begins on page 75.

The first column of the chart lists the drug name. Brand-name drugs are capitalized (e.g., HUMULIN) and generic drugs are listed in lower-case italics (e.g., atorvastatin).

BONUS DRUG LIST

(Supplemental Non-Part D Eligible Drug List)

Alignment Health Plan offers a Supplemental Non-Part D Eligible Drug List, also known as a Bonus Drug List, to provide additional coverage to your Part D benefit. The Bonus Drug List includes certain prescription drugs that are not normally covered in a Medicare Prescription Drug Plan. The amount you will pay will be determined by the drug tier. If you receive "Extra Help" from Medicare to pay for your prescriptions, you will not get extra help to pay for these drugs. The amount you pay when you fill a prescription for these drugs does not count toward your deductible or "total drug costs" (your payments plus any Part D plan's payments that help you qualify for catastrophic coverage). In addition, tiering exceptions do not apply to these drugs. Please refer to your Evidence of Coverage for more information.

Certain exclusions apply. Drugs available over-the-counter are not covered. Limitations and restrictions may apply. The Bonus Drug List is subject to change at any time.

SECCIÓN 1: INTRODUCCIÓN

Nota para miembros actuales: este formulario ha cambiado desde el año pasado. Revise este documento para asegurarse de que aún contiene los medicamentos que toma.

Cuando esta lista de medicamentos (formulario) dice “nosotros”, “nos” o “nuestro/a”, hace referencia a Alignment Health Plan. Cuando dice “plan” o “nuestro plan”, significa Alignment Health Plan.

Este documento incluye una lista de medicamentos (formulario) para nuestro plan que entrará en vigencia a partir del 1 de octubre de 2023. Para obtener un formulario actualizado, comuníquese con nosotros. Nuestra información de contacto, junto con la fecha de la última actualización del formulario, aparece en las páginas de la portada y la contraportada.

Como norma general, debe usar las farmacias de la red para recibir el beneficio de los medicamentos con receta. Los beneficios, el formulario, la red de farmacias o los copagos/ el coseguro pueden cambiar el 1 de enero de 2024 y periódicamente durante el año.

¿QUÉ ES EL FORMULARIO DE ALIGNMENT HEALTH PLAN?

Un formulario es una lista de medicamentos cubiertos, seleccionados por Alignment Health Plan de forma colaborativa con un equipo de proveedores de atención médica, que representa las terapias con receta que se consideran parte necesaria de un programa de tratamiento médico de calidad. Alignment Health Plan por lo general cubrirá los medicamentos presentes en nuestro formulario siempre que el medicamento sea médicalemente necesario, el medicamento con receta se obtenga en una farmacia de la red de Alignment Health Plan, y se cumplan otras normas del plan. Para obtener más información sobre cómo obtener sus medicamentos con receta, revise su Evidencia de cobertura.

¿PUEDE CAMBIAR EL FORMULARIO (LISTA DE MEDICAMENTOS)?

La mayoría de los cambios en la cobertura de los medicamentos se producen el 1 de enero, pero Alignment Health Plan puede agregar o quitar medicamentos de la Lista de medicamentos durante el año, moverlos a un nivel diferente de costo compartido o agregar nuevas restricciones. Debemos cumplir las normas de Medicare para realizar estos cambios.

Cambios que pueden afectarle este año:

En los siguientes casos, usted se verá afectado por los cambios en la cobertura durante el año:

- **Medicamentos genéricos nuevos.** Es posible que eliminemos de inmediato un medicamento de marca de nuestra Lista de medicamentos si lo reemplazamos por un medicamento genérico nuevo que aparecerá en el mismo nivel de costo compartido o en un nivel de costo compartido más bajo y con las mismas restricciones o menos. Además, cuando agreguemos el medicamento genérico nuevo, podemos decidir mantener el medicamento de marca en nuestra Lista de medicamentos, pero inmediatamente moverlo a un nivel de costo compartido diferente o agregar nuevas restricciones. Si actualmente está tomando ese medicamento de marca, es posible que no le avisemos con anticipación antes de hacer ese cambio, pero posteriormente le brindaremos información sobre los cambios específicos que hayamos hecho.
 - Si realizamos ese cambio, usted o la persona autorizada a dar recetas pueden solicitarnos que hagamos una excepción y sigamos cubriendo el medicamento de marca para usted. El aviso que le demos también incluirá información sobre cómo solicitar una excepción, y puede encontrar información en la sección a continuación titulada “¿Cómo puedo solicitar una excepción al formulario de Alignment Health Plan?”.

SECCIÓN 1: INTRODUCCIÓN

- **Medicamentos retirados del mercado.** Si la Administración de Alimentos y Medicamentos (FDA) considera que un medicamento de nuestro formulario no es seguro o el fabricante del medicamento retira el medicamento del mercado, lo eliminaremos inmediatamente de nuestro formulario y se lo informaremos a los miembros que toman ese medicamento.
- **Otros cambios.** Podemos hacer otros cambios que afecten a los miembros que actualmente estén tomando un medicamento. Por ejemplo, podemos agregar un medicamento genérico que no sea nuevo en el mercado para reemplazar un medicamento de marca que actualmente esté en el formulario, o agregar nuevas restricciones al medicamento de marca o moverlo a un nivel de costo compartido diferente, o ambas. O podemos realizar cambios en función de nuevas pautas clínicas. Si sacamos medicamentos de nuestro formulario, agregamos el requisito de autorización previa, cambiamos los límites de cantidades o las restricciones de tratamientos escalonadas para un medicamento o movemos un medicamento a un nivel más alto de costo compartido, debemos informarles a los miembros afectados sobre dicho cambio al menos 30 días antes de que el cambio entre en vigencia o al momento en el que el miembro solicite resurtir el medicamento, en cuyo caso el miembro recibirá un suministro para 30 días del medicamento en una farmacia minorista de la red o un suministro para 31 días en una farmacia de la red de atención a largo plazo.
 - Si realizamos estos otros cambios, usted o la persona autorizada a dar recetas pueden solicitarnos que hagamos una excepción y sigamos cubriendo el medicamento de marca para usted. El aviso que le demos también incluirá información sobre cómo solicitar una excepción y, además, podrá encontrar la información en la sección a continuación titulada “¿Cómo puedo solicitar una excepción al formulario de Alignment Health Plan?”.

Cambios que no le afectarán si actualmente toma el medicamento. Generalmente, si está tomando un medicamento de nuestro formulario 2024 que a principios de año estaba cubierto, no interrumpiremos o reduciremos la cobertura del medicamento durante el año de cobertura 2024 de otra forma que no sea la antes descrita. Esto significa que estos medicamentos seguirán disponibles al mismo costo compartido y sin nuevas restricciones para aquellos miembros que los tomen por el resto del año de cobertura. No recibirá un aviso directo este año sobre cambios que no le afectan. Sin embargo, el 1 de enero del próximo año, dichos cambios le afectarían, y es importante consultar la Lista de medicamentos del nuevo año de beneficios para ver si hay cambios en los medicamentos. El formulario adjunto entra en vigencia a partir del 1 de octubre de 2023. Para obtener información actualizada sobre los medicamentos cubiertos por Alignment Health Plan, comuníquese con nosotros. Nuestra información de contacto aparece en las páginas de la portada y la contraportada.

¿CÓMO USO EL FORMULARIO?

Hay dos formas de encontrar su medicamento dentro del formulario:

Afección médica

El formulario comienza en la página 1. Los medicamentos en este formulario se agrupan en categorías de acuerdo con el tipo de afecciones médicas que estos medicamentos tratan. Por ejemplo, los medicamentos que se usan para tratar una afección cardíaca se enumeran dentro de la categoría Agentes cardiovasculares. Si sabe para qué se usa su medicamento, busque por el nombre de la categoría en la lista que empieza en la página 1. Luego, busque su medicamento dentro del nombre de la categoría.

SECCIÓN 1: INTRODUCCIÓN

Listado alfabético

Si no está seguro de cuál es la categoría en la que tiene que buscar, debería buscar el medicamento en el Índice que empieza en la página 75. El Índice le provee una lista alfabética de todos los medicamentos incluidos en este documento. Tanto los medicamentos de marca como los medicamentos genéricos se incluyen en el Índice. Busque en el Índice y encuentre su medicamento. Junto con el medicamento, verá el número de la página donde puede encontrar la información de cobertura. Vaya a la página mencionada en el Índice y busque el nombre de su medicamento en la primera columna de la lista.

¿QUÉ SON LOS MEDICAMENTOS GENÉRICOS?

Alignment Health Plan cubre tanto medicamentos de marca como medicamentos genéricos. Un medicamento genérico está aprobado por la FDA, dado que se considera que tiene los mismos ingredientes activos que el medicamento de marca. Por lo general, los medicamentos genéricos cuestan menos que los medicamentos de marca.

¿HAY RESTRICCIONES EN MI COBERTURA?

Algunos medicamentos cubiertos pueden exigir requisitos adicionales o tener límites de cobertura. Estos requisitos y límites pueden incluir los siguientes:

- **Autorización previa:** Alignment Health Plan requiere que usted o su médico obtengan una autorización previa para ciertos medicamentos. Esto significa que necesitará obtener la aprobación de Alignment Health Plan antes de obtener sus medicamentos con receta. Si no obtiene la aprobación, Alignment Health Plan puede no cubrir el medicamento.
- **Límites de cantidad:** para ciertos medicamentos, Alignment Health Plan limita el monto del medicamento que Alignment Health Plan cubrirá. Por ejemplo, Alignment Health Plan provee 60 comprimidos para 30 días por receta de losartán de 25 mg. Esto puede ser

complementario a un suministro estándar para un mes o tres meses.

- **Tratamiento escalonado:** en algunos casos, Alignment Health Plan requiere que usted primero pruebe ciertos medicamentos para tratar su afección médica antes de que cubramos otro medicamento para esa afección. Por ejemplo, si el medicamento A y el medicamento B tratan su afección médica, Alignment Health Plan puede no cubrir el medicamento B a menos que usted pruebe el medicamento A primero. Si el medicamento A no le da ningún resultado, Alignment Health Plan cubrirá el medicamento B.

Para saber si su medicamento tiene requisitos adicionales o límites, consulte el formulario que empieza en la página 1.

También puede obtener más información sobre las restricciones aplicadas a determinados medicamentos cubiertos si consulta nuestro sitio web. Hemos publicado documentos en línea que explican nuestras restricciones de autorización previa y tratamiento escalonado. También puede solicitarnos que le envíemos una copia. Nuestra información de contacto, junto con la fecha de la última actualización del formulario, aparece en las páginas de la portada y la contraportada.

Puede pedirle a Alignment Health Plan que haga una excepción a estas restricciones o límites, o una lista de otros medicamentos similares que puedan tratar su afección médica. Consulte la sección “¿Cómo puedo solicitar una excepción al formulario de Alignment Health Plan?” en la página VII para obtener información sobre cómo solicitar una excepción.

¿QUÉ SUCEDA SI MI MEDICAMENTO NO ESTÁ EN EL FORMULARIO?

Si su medicamento no está incluido en este formulario (lista de medicamentos cubiertos), debería comunicarse primero con el Departamento de Servicios para los Miembros y preguntar si su medicamento está cubierto.

SECCIÓN 1: INTRODUCCIÓN

Si descubre que Alignment Health Plan no cubre su medicamento, tiene dos opciones:

- Puede pedirle al Departamento de Servicios para los Miembros una lista de medicamentos similares que estén cubiertos por Alignment Health Plan. Cuando reciba la lista, muéstresela a su médico y pídale que le recete un medicamento similar que esté cubierto por Alignment Health Plan.
- Puede pedirle a Alignment Health Plan que haga una excepción y cubra el medicamento. Lea a continuación para obtener información sobre cómo solicitar una excepción.

¿CÓMO PUEDO SOLICITAR UNA EXCEPCIÓN AL FORMULARIO DE ALIGNMENT HEALTH PLAN?

Puede pedirle a Alignment Health Plan que haga una excepción en nuestros requisitos de cobertura. Hay varios tipos de excepciones que puede solicitarnos.

- Puede pedirnos que cubramos un medicamento, incluso si no está en nuestro formulario. Si obtiene la aprobación, este medicamento estará cubierto en un nivel de costo compartido predeterminado y usted no podrá pedirnos que le brindemos el medicamento a un nivel de costo compartido menor.
- Puede pedirnos que cubramos un medicamento del formulario a un nivel de costo compartido menor, a menos que el medicamento esté en el nivel de especialidad. Si obtiene la aprobación, se disminuiría el monto que debe pagar por su medicamento.
- Puede pedirnos que renunciemos a las restricciones de cobertura o a los límites de su medicamento. Por ejemplo, para ciertos medicamentos, Alignment Health Plan limita el monto del medicamento que cubriremos. Si su medicamento tiene un límite de cantidad, puede pedirnos que renunciemos a dicho límite y que cubramos un monto mayor.

Por lo general, Alignment Health Plan solo aprobará su solicitud de excepción si los medicamentos alternativos incluidos en el formulario del plan, el medicamento en el nivel de costo compartido inferior o las restricciones de uso adicionales no serán tan efectivas en el tratamiento de su afección o le provocarán efectos médicos adversos.

Debe comunicarse con nosotros para solicitarnos una decisión de cobertura inicial sobre una excepción al formulario, el nivel o la restricción de uso. **Al solicitar una excepción al formulario, el nivel o la restricción de uso, debe presentar una declaración de la persona autorizada a dar recetas o de su médico que respalde su solicitud.** Generalmente, debemos tomar una decisión dentro de las 72 horas posteriores a recibir la declaración de respaldo de la persona autorizada a dar recetas. Puede solicitar una excepción acelerada (rápida) si usted o su médico creen que su salud podría estar en peligro si espera 72 horas para una decisión. Si se concede su solicitud acelerada, debemos informarle nuestra decisión antes de las 24 horas posteriores a haber recibido una declaración de respaldo de su médico u otra persona autorizada a dar recetas.

¿QUÉ DEBO HACER ANTES DE QUE PUEDA HABLAR CON MI MÉDICO SOBRE CAMBIAR MIS MEDICAMENTOS O SOLICITAR UNA EXCEPCIÓN?

Como miembro nuevo o anterior de nuestro plan, tal vez esté tomando medicamentos que no están en nuestro formulario. O puede estar tomando un medicamento que está en nuestro formulario, pero su capacidad para obtenerlo es limitada. Por ejemplo, puede necesitar nuestra autorización previa antes de poder obtener su medicamento con receta. Debería hablar con su médico para decidir si debería cambiar a un medicamento apropiado que cubramos o solicitar una excepción al formulario para que cubramos el medicamento que toma. Mientras habla con su médico para determinar las medidas correctas para usted,

SECCIÓN 1: INTRODUCCIÓN

podemos cubrir su medicamento en ciertos casos durante los primeros 90 días a partir de su inicio como miembro de nuestro plan.

Para cada medicamento que no esté en nuestro formulario o si su capacidad para obtener los medicamentos es limitada, cubriremos un suministro temporal para 30 días. Si su medicamento con receta está indicado para menos días, le permitiremos resurtir el suministro hasta un máximo de 30 días en una farmacia minorista de la red o hasta 31 días en una farmacia de la red de atención a largo plazo.

Después de su primer suministro para 30 días del medicamento en una farmacia minorista de la red o un suministro para 31 días en una farmacia de la red de atención a largo plazo, no pagaremos estos medicamentos incluso si ha sido miembro del plan por menos de 90 días.

Si es residente de un centro de atención a largo plazo y necesita un medicamento que no está en nuestro formulario o si su capacidad para obtener sus medicamentos es limitada, pero ya pasaron los primeros 90 días de membresía en nuestro plan, cubriremos un suministro de emergencia para 31 días de ese medicamento mientras obtiene una excepción al formulario.

Puede haber cambios que lo lleven de un entorno de tratamiento a otro. Durante este cambio en el nivel de atención, es posible que se le receten medicamentos que no estén cubiertos por su plan. Si esto sucede, usted y su médico deben utilizar el proceso de excepción y apelaciones de su plan. Sin embargo, cuando es ingresado o le dan el alta de un entorno de atención a largo plazo, es posible que no tenga acceso a los medicamentos que previamente le dieron. Puede obtener un resurtido luego de ser ingresado o dado de alta para prevenir una interrupción en el tratamiento.

LISTA DE MEDICAMENTOS ADICIONALES

(Lista complementaria de medicamentos elegibles que no son de la Parte D)

Alignment Health Plan ofrece una Lista complementaria de medicamentos elegibles que no son de la Parte D, también conocida como Lista de medicamentos adicionales, para brindar cobertura adicional a su beneficio de la Parte D. La Lista de medicamentos adicionales incluye ciertos medicamentos con receta que normalmente no están cubiertos en un plan de medicamentos con receta de Medicare. El monto que pagará se determinará según el nivel del medicamento. Si recibe “Ayuda adicional” de Medicare para pagar sus medicamentos con receta, no obtendrá ayuda adicional para pagar estos medicamentos. El monto que paga cuando obtiene una receta para estos medicamentos no se tiene en cuenta para su deducible o “costos por medicamentos totales” (sus pagos más los pagos de la Parte D del plan que le ayudan a calificar para cobertura en situaciones catastróficas). Además, las excepciones de nivel no se aplican a estos medicamentos. Consulte su Evidencia de cobertura para obtener más información.

Se aplican ciertas exclusiones. Los medicamentos sin receta no están cubiertos. Se pueden aplicar limitaciones y restricciones. La Lista de medicamentos adicionales está sujeta a cambio en cualquier momento.
