2024 Summary of Benefits

January 1, 2024 – December 31, 2024

This booklet gives you a summary of what **Mutual of Omaha RxSM** (PDP) Plus, Essential and Premier plans cover and what you pay. It doesn't list every service that we cover or every limitation or exclusion.

To get a complete list of services we cover, you can view our *Evidence of Coverage* online at mutualofomaharx.com/2024documents or call Customer Service for more information or to request an *Evidence of Coverage*.

Mutual of Omaha Rx (PDP) is a prescription drug plan with a Medicare contract.
Enrollment in the Mutual of Omaha Rx plan depends on contract renewal.

About Mutual of Omaha Rx (PDP)

Who can join our plan?

To join Mutual of Omaha Rx (PDP), you must be entitled to Medicare Part A and/or be enrolled in Medicare Part B and live in our service area. Our service area includes all states (except New York) and the District of Columbia.

Which drugs are covered?

We will generally cover the drugs in our formulary (list of covered Part D prescription drugs) as long as the drug is medically necessary, the prescription is filled at a Mutual of Omaha Rx network pharmacy, and other plan rules are followed.

You can see the complete 2024 formulary online for each of our plans, as well as any restrictions, at mutualofomaharx.com/formulary.

Which pharmacies can I use?

We have a network of pharmacies (both standard and preferred), and you must generally use these pharmacies to fill your prescriptions for covered Part D drugs. If you use an out-of-network pharmacy, the plan may not pay for these drugs, and you may pay more than you pay at an in-network pharmacy. Some of our network pharmacies have preferred cost-sharing. You may pay less if you use these pharmacies.

You can check online to see if your pharmacy is in our network at mutualofomaharx.com/network.

Using a Part D plan

How are drug costs determined?

Cost may vary, depending on:

- **The drug's tier**
Our plans group each medication into one of five "tiers."
- **The type of pharmacy you use**
Our plans offer standard and preferred retail network pharmacies, home delivery from Express Scripts® Pharmacy, as well as other home delivery pharmacies, long-term care, home infusion and Indian Health Service / Tribal / Urban Indian Health Program (I/T/U) pharmacies.

In all Mutual of Omaha Rx plans, cost-sharing amounts at long-term care, home infusion and I/T/U pharmacies are the same as at a standard retail pharmacy.
- **The number of days the prescription is written for**
Our plans typically offer a 30-day supply, a 90-day supply, or both, depending on the drug tier. At home infusion, I/T/U and out-of-network pharmacies, supplies are limited to 30 days. Long-term care pharmacies may dispense up to a 31-day supply.
- **Which stage of the benefit you have reached**
See information on benefit stages below.

What are the Medicare Part D benefit stages?

- **Annual Deductible Stage**
In this stage, you pay a set amount before your plan begins to pay its share of the cost. You will find deductible amounts on page 3 for the Plus Plan, page 9 for the Essential Plan and page 10 for the Premier Plan.
- **Initial Coverage Stage**
This stage begins after you pay your yearly deductible. You remain in this stage until your total yearly drug costs reach \$5,030. (Total yearly drug costs include the total drug costs paid by you and any Part D plan since the calendar year began.) Refer to page 3 for the Plus Plan, page 9 for the Essential Plan and page 10 for the Premier Plan to see the amounts you pay.
- **Coverage Gap (or Donut Hole) Stage**
This stage begins after your total yearly drug costs exceed \$5,030. **Most members do not reach the Coverage Gap.** If you reach this stage, you will pay 25% of the total drug cost on all tiers, excluding dispensing and any vaccine administration fees for brand drugs, until your year-to-date out-of-pocket costs total \$8,000.
- **Catastrophic Coverage Stage**
This stage begins after your year-to-date out-of-pocket costs exceed \$8,000. During this stage, you pay \$0 for the cost for generic drugs and for all other drugs.
